

IUID Enhancing Naval Logistics Integration

Deputy Assistant Secretary of the Navy
Acquisition & Logistics Management
29 July 2009

NLI Mission

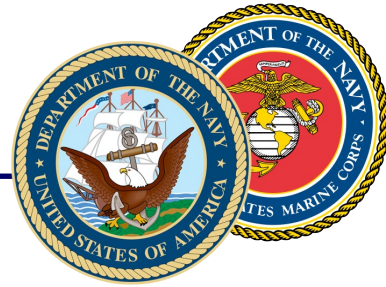

The Navy-Marine Corps team will actively pursue appropriate courses of action to improve Naval logistics to the fullest extent possible by **integrating Navy and Marine Corps logistics capabilities and capacities**; in order to ensure a naval logistics capability that can operate seamlessly whether afloat or ashore, successfully supporting and sustaining naval operating units in a joint warfighting

Guiding Principle:

A Global Naval Presence, Requires A Global Integrated Naval Logistics

NLI Focus

- **Commanders' Intent**

- Integrate processes and technologies to continually improve Naval logistics capabilities. Primary focus areas include:
 - Improving logistics responsiveness and agility
 - Sustaining combat support
 - Reducing logistics workload afloat and ashore
 - Funding recapitalization of the Naval Service integrated logistics process

- **Strategic Goals**

- Integrate logistics **doctrine, business processes, technologies, and systems** to optimize logistics performance in support of future operations
- Structure logistics organizations and professional development to enhance support of naval expeditionary forces

Institutionalizing the Philosophy

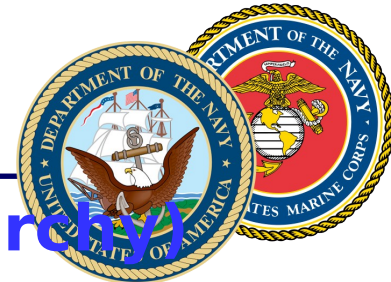

- **Jul 03 - Terms of Reference signed**
 - OPNAV N4 and DC I&L
 - Coordinated program to ensure Naval logistics capabilities and capacities are fully utilized in support of Naval and joint forces
- **Oct 05 - Strategic Plan signed**
 - DASN Logistics, OPNAV N4, and DC I&L
 - Integrating USMC and USN logistics doctrine, business processes, technologies & systems to improve and optimize logistics performance in support of future ops.
 - **Goal 1, Strategy 1.5, Objective 1.5.1**
- **Dec 07- SECNAVINST 4000.37, Naval Logistics Integration**
 - Assigns implementation responsibilities
- **Mar 08 - Naval Logistics Integration Reference Guide**
 - Single document outlining NLI initiatives
- **Monthly NLI Newsgram**
 - Communicate, communicate, communicate!
